Ref.: Nikon Microscope System N-STORM

Dear Prof. Abraham,

Thank you very much for your interest in the Nikon N-STORM System.

Here is the information about the License Agreement, where Nikon has signed with Harvard University granting Nikon the rights to use the Stochastic Optical Reconstruction Microscopy (STORM) technology. Under the terms of the agreement, Nikon manufactures STORM enabled microscopy systems and market them with the N-STORM name.

Documentation	Information	Detail
License Agreement between Harvard University and Nikon Corporation about utilizing STORM Technology to manufacture STORM enabled Microscope Systems	Date	November 25 th 2009
	Reference Number at Harvard University.	Harvard's agreement number for the Nikon license to STORM is A12182
	Exclusiveness	Exclusive
	Duration of Validity	Continue effect until terminated

The related contact person at Harvard University is:

Bob Benson, Director of Business Development, Office of Technology Development
Harvard University, 617-496-3830

The related contact person at Nikon Corporation is:

Aki Wakamiya, General Manager
Nikon Corporation, Instruments Company

Please let me kindly request to utilize this information only for University of Debrecen internal matters, and not disclose to 3rd parties.

Sincerely yours,

Marjan Vasic
Area Sales Manager / Teamleader Eastern Europe
